**MR. RAGHAV BAGRODIA
(CHAIRMAN)**

It is a matter of pride to pen down the message for "Oasis", the magazine of our school. My heart fills with immense pleasure as I perceive the progress being made at NKBGS. The seeds of an idea sown many years ago have quickly come to fruition and the school is growing into a strong sapling.

The Bagrodian institutions exemplify the fact that sky is not the limit in the pursuit of excellence. The aim of our schools is to promote a system of integral education in a congenial child-friendly environment that emphasizes the unity of all knowledge, synthesizes humanity and sciences and recognises the fact that each child is unique. The motto "Anushasan, Shram aur Atmabal" is our guiding principle for the integral development of our students with an all round holistic approach.

We believe that education should enable the students to soar high - morally, socially and spiritually. It has always been the endeavour of the school to instill the right values in its students so that they develop a holistic personality and are ready to take on the challenges head on once they step out of the gates of the school.

I extend my warm wishes to the Principal, the entire faculty and our dear students to keep on moving in this journey on the road of excellence to reach the pinnacle of success.

मैं संस्थापक ट्रस्टी के रूप में पिछले 11 वर्षों से इस महान संस्थान एन० के० बागरोडिया ग्लोबल स्कूल, सेक्टर-17, द्वारका, नई दिल्ली-110078 का हिस्सा बनकर सम्मानित और विनम्र महसूस कर रहा हूँ, जिसकी स्थापना दूरदर्शी उत्कृष्ट स्वर्गीय श्री नंदकिशोर बागोरिया जी द्वारा की गई थी।

स्कूल का आदर्श वाक्य "अनुशासन, श्रम, आत्मबल" बैंगरोडियन भावना के वास्तविक सार को दर्शाता है। स्कूल सीखने में परिवर्तनकारी प्रतिमान का पालन करता है जो बच्चों को जुड़े हुए, सार्थक सीखने के अनुभव प्रदान करके उनके समग्र व्यक्तित्व को बदलने पर जोर देता है।

मैं और मेरा समस्त बरगोडियन संकाय इस स्कूल को 21वीं सदी के वैश्विक स्कूल में बदलने की कल्पना करते हैं जहां प्रौद्योगिकी का बोलबाला है। मजबूत वैज्ञानिक कौशल, तार्किक और विश्लेषणात्मक सोच क्षमता प्रदान करने के अलावा हम अंतर्राष्ट्रीयता, विनिमय कार्यक्रम, पर्यटन और भ्रमण, साहसिक खेल और जीवन कौशल कार्यक्रमों पर ध्यान केंद्रित करते हैं। मनुष्य निर्माण एवं चरित्र निर्माण की शिक्षा को भी सर्वोपरि महत्व दिया गया है। हमारा लक्ष्य छात्रों को शिक्षित और सशक्त बनाना है ताकि उन्हें सौंदर्य की दृष्टि से समृद्ध, बौद्धिक रूप से जागरूक और एकीकृत युवा बनने में मदद मिल सके जो अपने सपनों और आकांक्षाओं को पूरा करने में सक्षम हो। हम उदारता, सच्चाई, करुणा, सहिष्णुता और न्याय के मूल्यों का पोषण करके मानवीय उत्कृष्टता के गुणों को भी बढ़ावा देते हैं।

एनकेबागोडिया सेक्टर 17 द्वारका के छात्रों ने सीबीएसई 2023-24 में शैक्षणिक उत्कृष्टता में रिकॉर्ड स्थापित करके बागरोडियन ध्वज को एक बार फिर ऊंचा रखा है। युवा बागरोडियंस ने एक बार फिर अपनी योग्यता साबित की है। पिछले कुछ वर्षों में एनके बागरोडिया ग्लोबल स्कूल के छात्रों ने लगातार कड़ी मेहनत, दृढ़ संकल्प और ठोस प्रतिबद्धता के साथ उत्कृष्ट प्रदर्शन किया है। अपने शिक्षकों और गुरुओं के कुशल मार्गदर्शन में, छात्रों ने साबित कर दिया है कि दृढ़ता हमेशा सफलता प्राप्त करने में मदद करती है।

अपने जीवन में एक लक्ष्य निर्धारित करो पूरे
जीवन को उस लक्ष्य से भर दो | और हर दूसरे
लक्ष्य को अपने जीवन से निकाल दो यही
जीवन की सही कुंजी है।

श्री दिनेश कुमार गुप्ता
(ट्रस्टी)

मैं संस्थापक ट्रस्टी के रूप में पिछले 11 वर्षों से इस महान संस्थान एन० के० बागरोडिया ग्लोबल स्कूल, सेक्टर-17, द्वारका, नई दिल्ली-110078 का हिस्सा बनकर सम्मानित और विनम्र महसूस कर रहा हूं, जिसकी स्थापना एक दूरदर्शी उत्कृष्ट स्वर्गीय श्री नंदकिशोर बागोरिया जी द्वारा की गई थी। स्कूल ने 1800 से अधिक छात्रों को सेवा प्रदान करने वाले प्रतिष्ठित संस्थानों में से एक बनने के लिए 11 गौरवशाली वर्ष पूरे कर लिए हैं।

मेरा मानना है कि कोई भी व्यक्ति जो भी करने का प्रयास करता है उसमें सर्वश्रेष्ठ होना शायद जीवन के सभी अभ्यासों में सबसे अधिक फायदेमंद होता है। संस्थान को अपनी शैक्षणिक प्रतिष्ठा के लिए अखिल भारतीय स्तर पर एक बार फिर शीर्ष दस स्कूलों (पिछले 3 वर्षों से लगातार) में स्थान दिया गया है। सबसे पहले मैं द्वारका में बागरोडियन संकाय के समर्पण और प्रतिबद्धता को दर्ज करना चाहूंगा जिन्होंने अपना जीवन शिक्षा के लिए समर्पित कर दिया है जो स्पष्ट रूप से उत्कृष्टता का प्रमुख और अपरिहार्य निर्धारक रहा है। हमारे कुछ पूर्व छात्रों को दुनिया की शीर्ष कंपनियों में अच्छे प्लेसमेंट की पेशकश की गई है। हमारे बच्चों के लिए उनकी दुनिया भावनात्मक दरारों और ज्ञान की ऊंची दीवारों का एक भ्रमित करने वाला दलदल है। इसके विपरीत, शिक्षक प्रत्येक छात्र का हाथ पकड़कर उसकी क्षमता का दोहन करते हैं, फिर चढ़ते हैं और ज्ञान और सीखने की ऊंचाइयों तक पहुंचते हैं। शिक्षक कक्षा के नायक हैं जो छात्रों की पहचान करते हैं और उनका मार्ग प्रशस्त करते हैं, जबकि माता-पिता बच्चे को जड़ें देते हैं; शिक्षक उनके दिमाग को आकार देते हैं और उन्हें ऊंची उड़ान भरने के लिए पंख देते हैं।

"स्कूल व्यक्तिगत हितों और जरूरतों पर ध्यान देने के साथ सीखने-सिखाने के लिए समग्र, तनाव मुक्त और बाल केंद्रित दृष्टिकोण अपनाता है। हम अनुभवात्मक और गतिशील सीखने के अवसर प्रदान करने के साथ-साथ रचनात्मकता, भिन्न सोच, नवीनता और जिज्ञासा को बढ़ावा देते हैं। हमारा मिशन ऐसे व्यक्तियों का निर्माण करना है जो एक लोकतांत्रिक देश के अनुशासित, जिम्मेदार, उत्पादक नागरिक के रूप में बड़े हों और अपनी क्षमता के प्रति आश्वस्त हों, लक्ष्य उन्मुख हों, अपने पर्यावरण के प्रति संवेदनशील हों और सबसे बढ़कर, अपने भाग्य के सह-निर्माता हों।

यह सब हमारे माता-पिता के निरंतर समर्थन और हमारे सक्षम और अच्छी तरह से तैयार स्टाफ सदस्यों पर उनके भरोसे के बिना संभव नहीं है। हम उनके सुझावों को महत्व देते हैं जो हमें मजबूती से आगे बढ़ने में मदद करते हैं। आइए हम सभी समूह के लक्ष्यों और उद्देश्यों को प्राप्त करने के लिए एकजुट होकर काम करें और शिक्षा के एक ऐसे युग की शुरुआत करें जो लोकतांत्रिक, दूरदर्शी और सहभागी हो।"

It gives me immense pleasure to know that N. K. Bagrodia Global School is bringing out its annual magazine for the academic year 2023-24 to reflect its achievements and accomplishments in its curricular and extracurricular domains. The school provides a perfect atmosphere for nurturing talent, cultivating skills and maintaining values of life. NKBGS is a prestigious institute in the field of education. Our mission is to make quality education accessible to the new generation, who are the future of our country.

There is nothing more valuable to a parent than his child and when a parent imposes faith with this belief in us, it becomes a task of a lifetime. Keeping that in mind it's no surprise when I reiterate to my staff the paramount importance of morality and ethical values by reminding them of wise saying - "After a certain time kids don't remember what you taught them but what you were".

Children must learn love, care, share and prayer so that they become sensitive to the well being of others and the world outside. These values add excellence to the character. They liberate us from narrow and negative thinking and help us to evolve into better human beings.

I congratulate the entire team headed by Ms. Jaishree Nawani for her concerted effort in reemphasizing the core value of moral education and wish that the process will continue and go a long way in enriching the educational heritage for the city.

Finally, I must add that the students of our school are making us ever so proud by the conduct of their educational and social aspects of life. They are bringing glory to themselves, their families, to us and above all to the nation. I wish them all the success in life.

**“EXCELLENCE IS
NOT A DESTINATION;
IT IS A JOURNEY
THAT NEVER
ENDS.”**

**MRS. JAISHREE NAWANI
(PRINCIPAL)**

Our students visited the French partner school from 2nd May to 16th May 2023, along with their French teacher, Ms. Bhawna. They stayed with their French correspondents who showed hospitality par excellence. This stay gave them the opportunity to learn and experience the nuances of French culture and language.

Upon their arrival in Lycée, Principal, M. François Bernard along with French Teacher coordinator and the host families welcomed them in school premises. On 4 May 2023, At the Mayor's Hall Indian students and teachers were also welcomed by the Mayor of Cambrai. Indian students showcased their talents in the form of Ganesh Vandana followed by the other Indian folk dances. All the performances were highly appreciated by the French families and teachers. The Indian students also cooked some traditional Indian dishes for the French families during their stay.

Indian students along with their French correspondents also visited the Louvre Museum, Eiffel Tower, Notre Dame etc in Paris. French Partner School had organized a day excursion to Brussels and a small glider plane ride over the Cambrai. A Visit to Europe's largest aquarium 'Nussicaa'; visit to Coal Mine, visit to other Museums were also the part of the 15 days itinerary. This was all to give them the essence of the rich French architecture and glorious history.

This exchange was a bridge between two different cultures and gave the students an excellent opportunity to use their French language skills with natives and to learn French culture.

ACTIVITY BASED LEARNING

Activity-Based Learning is a dynamic approach to education that prioritizes hands-on, experiential learning over traditional rote memorization. It shifts the focus from passive listening to active participation, fostering a deeper understanding of subjects through practical engagement. In NKBGS, students learn by doing, experimenting, and problem-solving, which not only enhances their knowledge but also develops critical thinking, creativity, and teamwork skills.

- Automatic houses

**Welcome to the Imaginary world*
Imagine a world where cars can fly through the sky, robots help us with everything and we talk to animals! That's the future world and it's going to be super-exciting.*

Hi, this is Turvi and it is 4026. Today I am super-excited as me and my pet robot named Pluto are going for a space adventure to Jupiter till Neptune with all my friends! Are you shocked? Don't be, we are in the world where everything is possible. We have flying cars, fully automatic houses, super-fast trains, robot-nurses and what not? And more interesting is that we can time travel to the past and future. Even all the animals living on the earth can talk!

The End

The future would be full of surprises and adventures. So dream big, because you can be a part of making it all half-per. Let us ready for a fantastic journey into the world of tomorrow!!!!

I RAISED MY HAND IN CLASS

*I raise my hand in class this morning,
Sitting in the back.
The teacher didn't see I think,
Instead she called Jack.*

*I stretched my hand up higher,
but she called on Zachband Zoe.
I started bouncing up and down,
but,still she called on Choloe.*

*I waved my arms but , even so,
She didn't call on me.
She called on Bryan,Brooklyn,Billy,
Bailey,Ben and Bree.*

*She called on
Taylor,Tristan,Thomas,
Trinity and Ti.
Then finally, she called my name,
I breathed a heavy sign.*

*She asked me for the answers,
I just frowned and denched my knees,
and said, "I've no ideas,
but could I use the bathroom,
please?" "*

-Bhavik Duggal (IV A)

JOURNEY FULL OF JOY AND DISCOVERY

*I am a school of joy and glee,
Where learning's as fun as can be,
Kids in class four, so full of cheer,
Let's share a poem so crystal clear!!*

*In mathematical number with grace,
Counting in a thrilling race.
2+2 we never fear,
For we know, the answer is always clear!*

*Science class, we love to explore,
With magnifying glass will find more.
From tiny bugs to the stars above,
Our curiosity, it knows no bounds our love.*

*In English, we eat with delight,
Stories that take us to new heights.
With every word, a world we see,
Oh reading is pur ecstasy!*

*School magazine, or chance to show,
all the things we've come to know.
In class four, we learn and grow,
With laughter and friends, our faces aglow.*

*So here's a poem, short and Sweet,
In class four, or friendships meet.
we hope you smile, we hope you see,
Joy of learning in you and me!!*

ECO-FRIENDLY PRACTICES IN OUR SCHOOL: HOW WE CAN MAKE A DIFFERENCE

In today's world, the importance of adopting eco-friendly practices cannot be overstated. Just as a drop in the ocean can cause ripples, even small efforts within our school can lead to significant positive changes for our environment. This essay will delve into the realm of eco-friendliness within our educational institution, much like a gardener carefully tends to a blossoming garden.

First and foremost, adopting eco-friendly practices in our school is like sowing seeds of sustainability. It's about embracing the notion that every action counts, much like pennies adding up to make dollars. An essential aspect of eco-friendly practices in our school is fostering a culture of conservation, much like a conductor guiding an orchestra to create harmonious melodies. Initiatives such as setting up eco-clubs or organizing tree-planting events can inspire students to take an active interest in environmental stewardship. This not only enhances their education but also instils lifelong values of environmental responsibility.

In conclusion, eco-friendly practices in our school are not just a choice but a responsibility, much like a guardian protecting a cherished treasure. By instilling a sense of responsibility and fostering a culture of conservation, we can be the change-makers who contribute to a greener, more sustainable world. Just as a single spark can ignite a fire, our efforts within our school can blaze a trail towards a more eco-conscious future.

EXPLORING THE BENEFITS OF OUTDOOR EDUCATION

**In the tome of education, we need to turn a page
It unquestionably needs a big change
One such idea, to turn the tides of our great nation
Is none other than outdoor education.**

**With every step upon the forest floor
Students nurture knowledge, forever and more.
Beneath the vast sky, learning takes flight
In this eco-classroom, learning feels so right**

**With the melodious chirping sounds of birds
Students find it easy to focus and find wise shards
With knowledge and experience in their hand
They can do more than make heaps of sand**

**In nature's embrace, students truly see
The boundless benefits that makes them gaiety
So let students wander, explore and roam
As nature is their veritable home.**

-Manavi (X A)

MOTHER

**Mother is as sweet as sugar
As busy as a bee
As hot as fire
As soft as cotton
As cold as ice
And everything nice
She is always fair
She never fails and care
Never take her lightly
And speak to her politely
Nature
We should respect nature
She cares for every creature
Nature deserves lot of care
And caring is our culture
We should save nature
And make a safe future**

-Shakti (VIII B)

NEW HOPE

Beneath her window she sat
downhearted
Desperate, troubled, depressed and
want to get darterd

"You okay!!" Her mother yelled
She pretending to be fine as hell

Searching her hope in saplings
Planting a new hope
To grab her desired earnings

"I have more than that" she used to say
Now "I don't" coz I can't pay

It was then and it was now
She begging open handed for
someone to stay

My mother used to say
It's present and future would be inferno
Working hard always strive big
I always denied
Longing something big

Now here I'm
Standing alone no one to heal
No one to feel
What??

My pain, my grief, my mistakes
"Don't cry" a soft voice came
"Here I'm with you" and all it
wrapped in one frame

I wish you could be with me
I wish I could plant a new tree
A tree with new hopes, new
opportunities
It hard to say it hard to pretend
My mother used to say
Its present and future would be
difficult to attend.

IN THE SKY

In the sky's grand theatre, a tale unfolds,
Of two celestial beings, their stories untold.
The sun, a blazing ember, fierce and bright,
The moon, a quiet dreamer, adorning the night.
The sun awakens the world with golden fire,
a symphony of warmth, a cosmic lyre.
It paints the canvas of day with hues of gold,
A saga of life and stories untold.
Yet as the sun takes its bow and departs,
The moon emerges with its gentle arts.
A silent sentinel in the velvet skies,
It soothes weary hearts, listens to soft sighs.
Day and night, a dance they perform,
Linked in rhythm, a cosmic norm.
The sun, a warrior against the dark,
The moon, a guardian, leaving a gentle mark.
So too do we carry sun and moon within,
Strength and solace, beneath our skin.
A duality of grace, courage, and dreams,
A balance of light and shadows, it seems.

Woman Empowerment

*"Women are the weapons who can
change the world."*

Women play a major role in our lives. Women are seen in every field of technology nowadays. Women have been important contributors to technology, science, artificial intelligence, computer science etc. There have been many great women in the world whose legacy is still alive.

During the time of India's Independence in 1947 the literacy rate was just 12%. Due to gender inequality and stereotypes on women in society, they are unable to pursue their dreams. Some statistics from 2011 Census show that currently there are 65.46% of women who are literate in India. In the year 2020, about 90 percent of men and a little over 46 percent of women in the world were literate.

To sum it up, we should try our best to help women break the chains of gender stereotypes. Organizing workshops, seminars, campaigns etc. can be effective against these stereotypes and make the world a better place for women.

समाज में ऊँच नीच की भावना

आज के समय में भारत निसंदेह विश्व गुरु बनने की रह पर निरंतर आगे बढ़ रहा है, परंतु जो धर्मों और जातियों में भिन्नता कभी भारत की शान थी, आज वही कहीं ना कहीं अड़चन साबित हो रही है। समाज में तकनीक और विज्ञान के प्रचलन के बाद भी ऊँच नीच की भावना आज भी विस्तृत है। इस ऊँच नीच की भावना के कारण लोग एकजुट होकर आगे बढ़ने की बजाय अपनी आपसी मुठभेड़ों में ही लीन है। मनुष्य दूसरे मनुष्य को केवल उसकी धर्म और जाति के कारण कुछ मानता है। यह भेदभाव कई सदियों से समाज में चला आ रहा है, पर दुविधाजनक बात यह है कि समाज में आज भी इन कुरीतियों का प्रचार है। जब ईश्वर अपने भक्तों में भेदभाव नहीं करता, तो एक मनुष्य दूसरे मनुष्य को तो कैसे मान सकता है? आज हमारे दृष्टिकोण से तुरंत सुधार की आवश्यकता है, तभी भारत सही मायनों में विश्व गुरु कहलाएगा।

**मंदिर, मस्जिद, गिरिजाघर ने, बाँट दिया भगवान को,

प्रकृति पर कविता

प्रकृति की लीला न्यारी
कही बरसता पानी, कहीं बहती नदियां
कहीं उफनता समुद्र है,
तो कहीं शांति सरोवर है

इस धरती पर रहने वाले,
बोलो क्या क्या करते है,
सब कुछ करते बर्बाद यहाँ,
और घमंड में रहते हैं

पशु पक्षीय, पेड़ और पौधे,
प्रकृति के हैं अनुपम उपहार,
नहीं देते केवल जीवन ही हमको,
जीने की भी कला सिखाते

फिर अपने जीवन को हम,
क्यों विनाश की ओर चलकर,
अपने अस्तित्व को मिटा रहे हैं

आओ मिल कर हाथ बढ़ाए,
सब कुछ बर्बाद होने से बचाएं

-शालु (दसवीं ए)

मुझे ऐसा विद्यार्थी चाहिए

छूना है आसमां एक दिन. मन में ये
अभिलाषा हो ।

अन्न पानी का भी मोह त्यज,
सिर्फ ज्ञान का प्यासा हो लक्ष्य का मुरैठा
बांधे शीश पर,

हृदय जिसका फौलादी हो ।

रटन विद्या का रोग ना हो,
जिसके चिन्तन में आजादी हो ।

पढ़े विषय को स्मरण कर,
जो मनन, चिन्तन करता हो ।

जो स्कूल पढ़ा, एक बार घर जाकर भी
पढ़ता हो ।

दीन दुःखी पर दया करे.

ऐसा परमार्थी चाहिए।

आज की युवा पीढ़ी

युवा उस पीढ़ी को संदर्भित करता है जिन्होंने अभी तक वयस्कता में प्रवेश नहीं किया है लेकिन वे अपनी बचपन की उम्र को पूरी कर चुके हैं। आधुनिक युवक या आज के युवा पिछली पीढ़ियों के व्यक्तियों से काफी अलग हैं। युवाओं की विचारधाराओं और संस्कृति में एक बड़ा बदलाव हुआ है। इसका समाज पर सकारात्मक और नकारात्मक दोनों तरह का प्रभाव पड़ा है।

मानसिकता और संस्कृति में परिवर्तन के लिए एक कारण पश्चिमी संस्कृति का प्रभाव है और दूसरा तकनीक के क्षेत्र में बढ़ती उन्नति है।

पहले ज़माने के लोग एक-दूसरे की जगह पर जाते थे और साथ में अच्छा वक्त बिताते थे। जब भी कोई ज़रूरत होती थी तो पड़ोसी भी एक-दूसरे की मदद के लिए इक्कठा होते थे। हालांकि आज के युवाओं को यह भी पता नहीं है कि बगल के घर में कौन रहता है। इसका मतलब यह नहीं है कि वे लोगों से मिलना जुलना पसंद नहीं करते हैं। वे सिर्फ उन्हीं लोगों के साथ मिलते-जुलते हैं जिनसे वे सहज महसूस करते हैं और ज़रूरी नहीं कि वे केवल किसी के रिश्तेदार या पड़ोसी ही हो। तो मूल रूप से युवाओं ने आज समाज के निर्धारित मानदंडों पर संदेह जताना शुरू कर दिया है।

हालांकि आधुनिक युवाओं के बारे में सब कुछ नकारात्मक नहीं है। मनुष्य का मन भी समय के साथ विकसित हुआ है और युवा पीढ़ी काफी प्रतिभाशाली है। आज के युवक उत्सुक और प्रेरित हैं। आज के युवाओं का समूह काफ़ी होशियार है और अपने लक्ष्य को हासिल करना अच्छी तरह से जानता है। वे परंपराओं और अंधविश्वासों से खुद को बांधे नहीं रखते हैं। कोई भी बाधा उन्हें उन चीज़ों को प्राप्त करने से नहीं रोक सकती जो वे चाहते हैं।

प्रौद्योगिकी के क्षेत्र में उन्नति के साथ-साथ विभिन्न गैजेट्स के आगमन से जीवन शैली और जीवन के प्रति समग्र रवैया बदल गया है और आबादी का वह हिस्सा जो इससे सबसे ज्यादा प्रभावित हुआ है वह युवा है।

पश्चिमी चकाचौंध से अंधे हो चुके भारत के युवाओं को यह एहसास नहीं है कि हमारी भारतीय संस्कृति हमेशा से बहुत अच्छी थी। हालांकि अंधविश्वासों से अपने आप को बाँधना अच्छा नहीं है लेकिन हमें हमारी संस्कृति से अच्छे संस्कार लेने चाहिए। इसी तरह किसी के जीवन में विकास के लिए प्रौद्योगिकी का उपयोग किया जाना चाहिए। हमें प्रौद्योगिकी का गुलाम नहीं बनना चाहिए।

- Priyansh (VII C)

Mon père, ma mère et ma sœur sont mon inspiration car j'apprends beaucoup de choses d'eux. Ils m'inspirent devenir un meilleur enfant.

-Angad Chamoli (VII A)

Mon inspiration est la nature. Cela nous apprend à suivre les vertus de la vie et à vivre en paix. Nous pouvons en tirer de nombreuses leçons. Il punit ceux qui ne respectent pas ses règles.

-Tvesa (VII B)

Qui est votre inspiration et pourquoi ?

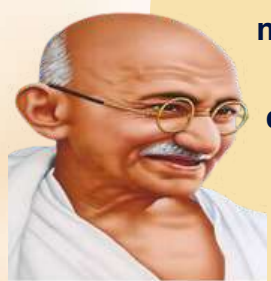

Mes parents et mes professeurs m'inspirent pour travailler jour et nuit juste pour votre perfection sans rien me plaindre et nous rendent capables de tout dans notre vie.

-Peehu Vyas (VII C)

Mon inspiration est le Mahatma Gandhi. C'est parce qu'il me motive à ne pas m'arrêter sur la base de mon parcours. Si vous avez la volonté de faire quelque chose, personne ne peut vous en empêcher.

WAS VERKURZT MIR DIE ZEIT

Was verkürzt mir die Zeit?
Tätigkeit!!!

Was macht sie unerträglich lang?
Müßiggang!

Was bringt in Schulden?
Harren und Dulden!

Was macht Gewinnen?
Nicht lange besinnen!

Was bringt zu Ehren?
Sich wehren!

HOPPE HOPPE REITER:

Hoppe, hoppe, Reiter,
Wenn er fällt, dann schreit er.
Fällt er auf die Steine,
Tun ihm weh die Beine.
Fällt er in den Sumpf
Macht der Reiter plumps!

Hoppe, hoppe, Reiter
Wenn er fällt, dann schreit er
Fällt er in den Graben
Fressen ihn die Raben
Fällt er in den Sumpf
Macht der Reiter plumps!

STUDENT ENRICHMENT PROGRAM

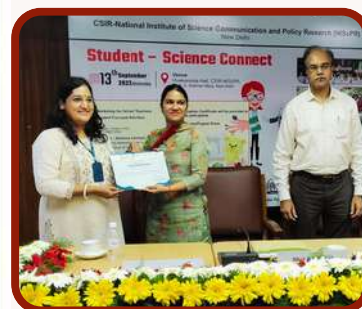

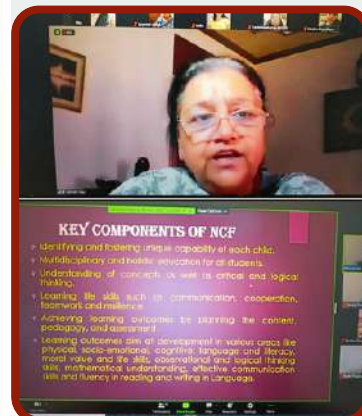

Our school conducts a wide array of educational workshops for students, parents, and teachers. These workshops address various aspects of a child's development, including personality development, gender education, stress management, study skills, and spiritual growth. They are designed to harness students' strengths by fostering effective communication, self-expression, positive peer interactions, idea sharing, and self-confidence. Simultaneously, the workshops for parents aim to enhance their parenting skills, while those for teachers concentrate on improving teacher-student relationships and teaching methodologies.
